Bridge work to restrict traffic on KY 1325 in Bath County
Project starts April 2

FLEMINGSBURG, Ky. – Bridge repairs on KY 1325 in Bath County will require one-lane traffic beginning next week.

Contractors expect to begin work Monday, April 2, on the bridge over Flat Creek about a half mile south of KY 11. During construction, which will take approximately four weeks, one lane of KY 1325 will be closed using temporary traffic signals. Travel lanes will be restricted to 13 feet in width. Traffic should expect only short delays.

Road work is subject to change depending on weather conditions. Motorists are asked to heed all warning signs, drive carefully in work zones and remain aware of workers and construction equipment when traveling.
